## EDUCATION

**ABES Engineering College, Ghaziabad** **2023 – 2027**
*B.Tech in Computer Science* | ***CGPA: 7.0*** *Ghaziabad, Uttar Pradesh*

- **Relevant Coursework:** Data Structures, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

## PROJECTS

**Portfolio-Website** | *React, Node.js, Express, MongoDB* **Oct 2026**

- Built a responsive full stack portfolio with React, featuring dark and light themes and a contact form connected to a Node.js and Express REST API with MongoDB.
- Added input validation, rate limiting and a JWT-protected admin dashboard to manage messages; deployed on Netlify (frontend) and Render (backend).
- Live site here | Code on GitHub

**Real-Time Weather Forecast** | *HTML, CSS, JavaScript, Bootstrap, OpenWeatherMap API* **Jan 2025**

- Fetched real-time temperature, humidity, wind speed and conditions from the OpenWeatherMap API.
- Added city search so users can check the weather of any city.

**Spotify Clone** | *HTML, CSS, JavaScript, Bootstrap, Spotify API* **Jul 2024**

- Integrated the Spotify API to fetch playlists, tracks and artist information.
- Built dynamic search for songs, albums and artists, with a responsive Bootstrap layout.

## TECHNICAL SKILLS

**Languages**: C, C++, JavaScript, Python, SQL
**Frontend**: HTML, CSS, React, Bootstrap
**Backend & Database**: Node.js, Express.js, MongoDB
**Developer Tools**: Git, GitHub, VS Code, Chrome DevTools, Netlify, Render

## CERTIFICATIONS

- **JavaScript (Intermediate)** – HackerRank Skills Certification
- **SQL (Intermediate)** – HackerRank Skills Certification
- **SQL (Basic)** – HackerRank Skills Certification

## EXTRACURRICULAR

- Taught C, C++, HTML and CSS to beginners in offline classes (Jan 2025 – Mar 2025).
